Founded in 1987, **Chessex™** has had a long history of manufacturing gaming accessories with an emphasis on **dice**. Our goal has always been to provide quality **gaming accessories** at a fair price.

Please visit our web page (www.chessex.com) for more features and information about Chessex. Our website contains useful information about our products, such as current prices, availability and release dates for upcoming products as well as information on other products we offer that are not featured in this catalog. Everything on our site is available to wholesalers and retail stores. Contact your local retailer about any of our products, or contact us directly at:

Quality and consistency are the ultimate goals in making "The Coolest Dice on the Planet™". At Chessex we are striving to bring uniformity of size, number marking and shape amongst our dice. Our goal is to give you the confidence of knowing that any Chessex die you purchase will always be of consistently high quality. In order to effectively meet this criteria, we have created

The Chessex Standard™

d4

All of our dice read from the top, making them easy to comprehend.

d6

d8

For ease in reading, we now use underscoring, rather than tiny indicator dots, to differentiate 6's from 9's.

d10

Tens 10™

d12

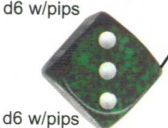

d20

All polyhedral dice have sharper edges for easier shape recognition.

All of our numbers are as large as possible on each face.

16mm d6 w/pips

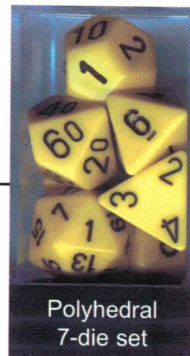

12mm d6 w/pips

Rounded corners on our piped dice enable the dice to tumble well on small surfaces, such as gameboards.

All of our dice are available in 3 types of sets:

Each Polyhedral 7-Die Set includes one each of: 4-sided (d4), 6-sided with numbers (d6), 8-sided (d8), 10-sided (d10), Tens 10™ (d10 numbered 00-90), 12-sided (d12) and 20-sided (d20). These sets are available in each style and color of dice we offer.

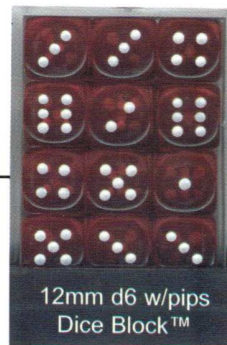

Polyhedral 7-die set

16mm d6 w/pips Dice Block™

Each 16mm d6 w/pips Dice Block™ contains 12 d6's and are available in each style and color of dice we offer.

Each 12mm d6 w/pips Dice Block™ contains 36 d6's and are available in each style and color of dice we offer.

WARNING!

Choking Hazard

Dice are not intended for children under the age of 3 years.

www.chessex.com

Opaque Dice

are made of a particularly dense material for a better feel when rolling. This material also allows for flatter faces and sharper edges than is normally achievable. The wide variety of colors is also very consistent, so that an opaque Chessex die from years ago will match those available today. These dice are also very economical, from half to a third the cost of some of our other styles.

Signature™ Dice

are the greatest creations of **Deloras D. Tenn**, a Parisian working in the fashion industry, who has created many of our Limited Edition colors. Due to the immense popularity of these truly unique dice, we have decided to make her "Signature™" colors available on a regular basis. The former Limited Edition stock numbers of these dice sets are included in parenthesis for your reference.

Dice Set Samplers

are designed with the retailer in mind. We have greatly reduced the confusion and frustration when ordering a good selection of the "Coolest Dice on the Planet™." We offer two types of set samplers: the "Best of Chessex," and the "Box of 50." Each sampler is a quick and easy way to get started - the mix of colors are weighed in favor of the better selling dice, to reduce costly and unwanted overstock. The sets can later be re-ordered individually to replace those sold.

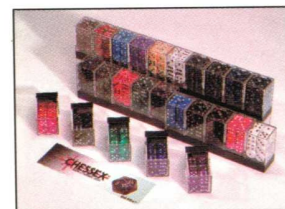

Best of Chessex Samplers: These samplers contain one each of our best selling dice in either Polyhedral 7-Die Sets, 12mm d6 w/ pips Dice Block™, or 16mm d6 Dice Block™. We recommend this product for a quick and easy way to carry a selection of our best colors without the hassle of ordering the sets individually.

Loose Dice Samplers

are a unique system for stocking individual loose dice for your customers. For each of our four types of dice we carry on a continual basis, we offer Loose Dice Samplers and refill "Bags of 50." When the quantity of any shape gets low in the Loose Dice Sampler, purchase the appropriate Bag of 50 to refill it. The mix of dice in these products is fixed and is based on sales; the better their sales rate, the more are included. This means there is little chance that you will be left with a significant amount of slow selling colors, unlike what can happen if you buy assortments which follow no set mixture.

Limited Edition Dice

Get 'em while they're hot!

Our dice designer, **Deloras D. Tenn**, intermittently creates some outstanding colors and styles of dice on an experimental basis. These dice are made available several times a year, in limited amounts, usually in groups of six colors or styles at a time. If any of these are exceptionally popular, they may be re-issued as "Limited Edition," or later added to our Signature™ line. Please check with your local retailer, distributor, or www.chessex.com for availability, as well as information regarding upcoming Limited Edition releases.
