## EVANS' PERFECT DICE

**P**ERFECT Cubes, PERFECT Spots, PERFECT Balance, Evans' Perfect Dice are made of the toughest, longest wearing non-camphor material obtainable; thoroughly seasoned and treated for long, hard service.

Evans' Perfect Dice will not shrink, warp or chip and will stand all known tests for accuracy such as caliper, square, straight edge, etc. All sides are perfectly FLAT, not concaved or beveled in finishing and balance perfect, spots being compressed without the loss of material.

Evans' Perfect Dice come in all colors, white or transparent and the transparent dice have all the sparkle and clarity of ordinary celluloid material. Evans' Perfect Dice are warranted to give satisfaction, backed by a MONEY BACK Guarantee.

Evans' Perfect Dice with your initials embossed on one of the sides are supplied without extra cost. Special private monograms or trade-marks are supplied at a small extra charge for the die which becomes your property.

Evans' Perfect Dice are made in all sizes from  $\frac{1}{2}$  inch to  $\frac{3}{4}$  inch, square or razor edge, brush edge, light or full round edge, etc., and spots are made light, regular or deep in the standard concave spot, single or double birdseye spot, inlaid flush round spots or inlaid birdseye spots.

For the Dice Man who demands a SUPER-PERFECT Dice we recommend the Inlaid Flush Spots, either round or birdseye, as these are THE ONLY DICE that will BALANCE and BALANCE PERFECT in our latest percentage detector, the Balancing Calipers listed on page 7. All other so-called PERFECT DICE will show slightly off balance, regardless of what may be claimed for them as these Calipers will show.

Evans' Perfect Dice are made with high polish, dull finish supplied without extra charge.

No. 10F115.	Perfect Dice, any size, concave spots.....	Per pair \$ 1.25
		25 Pairs 30.00
No. 10F116.	Perfect Dice, single or double birdseye spots.....	Per Pair 1.50
No. 10F141.	Perfect Dice, flush spots, round or birdseye.....	Per Pair 2.00

## PERCENTAGE FOR THE BANKER

**P**ERCENTAGE Dice to match our PERFECT DICE are a recognized necessity for any Do and Don't game and we offer below several new ideas in Percentage Dice that have been thoroughly tested and proved for this special purpose. These dice assure the operator a legitimate house percentage and a satisfactory increase in the weekly take. Special combinations made to order. Do not confuse these dice with the usual strong joint and bust out dice so commonly listed. For other special dice

see pages 12 to 24 inclusive.

## COUNTERBALANCED PERFECT DICE

This is the NEWEST development in percentage dice and represents a scientific discovery for the Do and Don't game operator. COUNTERBALANCED DICE caliper perfect; are not shaped, buffed, weighted or capped and absolutely defy detection without special balancing calipers. COUNTERBALANCED DICE are made in any size or color transparent, but we recommend  $\frac{5}{8}$  or  $\frac{11}{16}$  inch as the most satisfactory. These dice have been tried and tested and will show a very attractive percentage on the line but not enough to damage the outside or percentage points. Include six of these dice along with your PERFECT DICE and receive the profits you deserve.

No. 10F122. Counterbalanced Dice.....Per Pair \$2.25

## SHAPED PERFECT DICE

The necessity of protecting the take is acknowledged and to meet this requirement we offer our PERFECT DICE very mildly shaped. The flat is not apparent and can only be detected with the use of instruments, but an increased percentage on the line, while still protecting the outside and percentage points, makes these dice a favorite with the banker. Best results are obtained with a slightly brushed edge.

No. 10F123. 5/1000 off on Ace and 6 (extra light).....Per Pair \$2.00

No. 10F124. 10/1000 off on Ace and 6 (light) .....Per Pair 2.00

No. 10F125. 20/1000 off on Ace and 6 (medium) .....Per Pair 2.00

## TWO WAY PERFECT DICE

Some operators prefer a two way shape as the flat is unusually mild and this in connection with an invisible bevel affords very satisfactory results. Two Way PERFECT dice are made  $\frac{5}{1000}$  off on the Ace and Six with  $\frac{3}{1000}$  off on the Five and Deuce and an invisible bevel on the Deuce.

No. 10F126. Two Way Perfect Dice.....Per Pair \$2.25

## SINGLE DICE COMBINATIONS

Single Dice Combinations, using one transparent filled dice in combination with one PERFECT dice are always popular. These dice are made in various combinations, platinum and gold fills only and caliper perfect. The most popular are Dead Ace, Ace-Deuce or Ace-Deuce-Four for missing and Dead Trey or Trey-Five for passing.

No. 10F127. Platinum filled Transparent Singles .....Each \$8.00

No. 10F128. Gold filled Transparent Singles.....Each 5.00

No. 10F159. Amalgam filled Transparent Singles.....Each 3.75

## BUST OUT COMBINATION SET

This is a complete Bust Out Combination Set consisting of six PERFECT mis-spotted dice; one pair to bust the field, one pair to bust the even points and one pair to bust the odd. Made in any size or color transparent, Fair Dice extra.

No. 10F129. Bust Out Combination Set.....Complete \$6.00

## DICE MEASURING TOOLS

THE following precision instruments are a necessity for every operator of a dice game. No matter how careful you may be in selecting your dice there is always a possibility of an unscrupulous employee or customer substituting imperfect dice which will change the percentage of the game and may give the outside a decided advantage. To overcome this and to enable the operator to know at all times that the dice in action have not been tampered with and are perfect we offer the special instruments listed below.

### DIAL MICROMETER

This is the most accurate and practical measuring device ever developed for testing dice and one that every dice man should own. It is entirely automatic in operation and made to withstand unlimited use. All metal is chromium plated and the dial protected with a genuine unbreakable crystal. Readings are plain and legible with gradings in 1000ths of an inch.

No. 30F135. Dial Micrometer .....Each \$12.50

### INDICATING CALIPER

This is the most accurate instrument for measuring dice that has ever been produced. It not only reveals the imperfection but shows the degree of imperfection to  $\frac{1}{1000}$  of an inch and can be used to great advantage by a novice or skilled mechanic with complete success. It is but the work of a second to try out a pair of dice with this caliper and not only satisfy yourself but convince the most skeptical player should an argument arise. Made of the best materials in handy pocket size with extra large base plate to fit entire surface of dice.

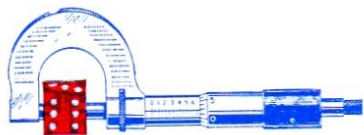

No. 30F273. Indicating Caliper.....Each \$10.00

### MICROMETER CALIPER

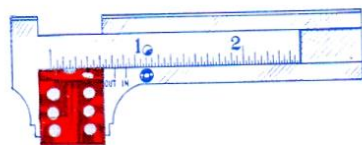

For the operator who is mechanically inclined a micrometer is a wonderful tool. The Micrometer Caliper illustrated is fitted with a special lock nut and ratchet stop, of great importance in measuring dice as it prevents any injury to the surface through undue pressure. An unusually high grade tool registering variations to  $\frac{1}{1000}$  of an inch, not quite as handy as the indicating caliper, but never failing in results and made for a lifetime of service.

No. 30F274. Micrometer Caliper .....Each \$8.50

### POCKET SLIDE CALIPER

This is a handy tool for quick, rough measurements. In the hands of an expert, it will give very satisfactory results, but is not to be compared with the others listed. Made of the best materials, this will prove a good tool for use where speed and extreme accuracy are not essential. Shows variations to  $\frac{1}{64}$  of an inch.

No. 30F88. Pocket Slide Caliper .....Each \$3.50

## CAPPED TRANSPARENT DICE

**E**XPERIENCED Dice Men the country over have, without exception, declared the EVANS CAPPED TRANSPARENT DICE to be the most astonishing development in percentage dice for many years. These dice are entirely different from ordinary percentage dice, certain sides having a layer of special non-slip material incorporated in them. This material is identical in color and texture with the balance of the dice and cannot be detected, does not collect dirt and the dice will not stick together.

Capped Transparent Dice are made in either Missouts or Passers, the Passers being slightly stronger and are made either medium or strong as preferred, medium always being sent unless otherwise ordered. Capped Transparent Dice can be used where shaped or loaded dice would be detected immediately and are made entirely from sheet stock and caliper perfect. Corners either rounded or slightly brushed give the best results when used on Rubber Back Green Canvas listed on Page 11.

## CAPPED DICE PASSERS

These dice, strong passers, show the points 6, 8, 9, 10, 11 and 12-craps. Made in any size or color transparent.

No. 10F174. Capped Dice Passers .....Per Pair \$8.00  
No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

## CAPPED DICE PASSERS

This set is intended to beat the 8, high, line, come and field and for taking the odds. Made in any size or color transparent.

No. 10F175. Capped Dice Passers .....Per Pair \$8.00  
No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

## CAPPED DICE MISSOUTS

This combination produces a strong Missout or Fading set showing a good percentage. Strong on craps and sevens. Any size or color transparent.

No. 10F176. Capped Dice Missouts.....Per Pair \$8.00  
No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

## CAPPED AND FILLED MISSOUTS

Where an extra strong transparent missout set is required, we can suggest nothing better than our Capped and Filled Missout Dice. These are not only Capped but Filled with platinum, making them equal to the fastest white dice. For head and head play or pocket use these dice are without equal, stand the very closest inspection and get by in fast company. Made in any color,  $\frac{5}{8}$  inch being the most satisfactory size.

No. 10F177. Capped and Filled Missouts .....Per Pair \$15.00  
No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

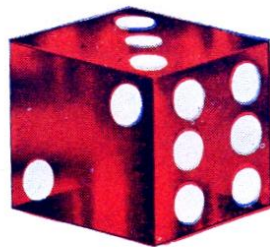

## CAPPED AND FILLED PASSERS

While Capped Passing Dice show a very good percentage, we also supply them with a platinum fill to increase the percentage. These dice make the points 6, 8, 9, 10 and 11 and will show oftener than any transparent dice ever made. Made in any color, the most satisfactory size is  $\frac{5}{8}$  inch.

No. 10F178. Capped and Filled Passers.....Per Pair \$15.00

No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

## SHAPES CAPPED TO PASS

A pair of missout shapes strong enough for anybody's bankroll and capped strong passers with plenty of per. A word to the wise, enough.

No. 10F179. Shapes Capped to Pass.....Per Pair \$8.00

No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

## CAPPED SINGLES

These dice, capped on one side only, are made in two styles, a dead deuce to kill a five or a dead five to kill a deuce and for smart money are without equal.

No. 10F180. Capped Singles.....Per Pair \$4.00

No. 10F115. Perfect Fair Dice to match.....Per Pair 1.25

## MAGIC DICE LIQUID

FOR those who prefer to experiment in making percentage dice, similar in action to CAPPED WORK, we suggest the use of our Magic Dice Liquid as being the easiest to handle. This liquid is compounded from our own formula and penetrates the surface of the dice causing a change in the chemical composition of the material. This results in bringing up the desired faces and offers a good percentage. Magic Dice Liquid is applied with a camel hair brush and can be finished with a high polish, for use on transparent dice ONLY. Complete combinations and instructions for applying with each bottle, also special polishing powder, camel hair brush and smoothing paper.

No. 10F185. Magic Dice Liquid.....Outfit Complete \$5.00

## CAPPED DICE MATERIAL

FOR those who want to experiment in making GENUINE CAPPED WORK we offer complete supplies, the same materials we use in our own Capped Dice work. Complete combinations and instructions furnished with each order and with a little practice surprising results can be obtained.

No. 10F212. Capping Sheet, red or green, 4 square inches.....Per piece \$1.00

No. 10F213. Vulcanizing Cement.....Per bottle 4.00

Additional Dice Making Supplies listed on Pages 23 and 25.

## TRIP OR SLICK DICE

**T**RIP Dice, sometimes called Slick Dice, are simply an elaboration of the old style Roughed and Buffed Dice, the theory being that any roughness on certain sides of the dice will cause it to roll over in action until it strikes a smooth side when the dice will slide to a stop. Trip Dice are made in several popular styles and combinations and will give satisfactory results only to operators who continually replace their dice for the life of this type of work is very limited and after a few hours play the work is worn down until it is no longer effective.

Trip Dice are made in sharp or turned edge only. It is also important that Trip Dice be used on a proper surface, the most satisfactory being our Rubber Back Canvas listed on page 11. Trip Dice show better results in the polished finish.

## RAISED EDGE TRIP DICE

A popular style Trip Dice showing a good percentage when new in either missouts or passers. Dice caliper perfect and are made with sharp or turned edge only; any size or color.

No. 10F181. Raised Edge Trip Missouts, any combination.....Per Pair \$1.50

No. 10F182. Raised Edge Trip Passers, any combination.....Per Pair 1.50

## CUT EDGE TRIP DICE

This is another type of edge work slightly different from the raised edge work above and one that will stand for closer inspection, giving the operator about the percentage of 5/1000 flats. Dice caliper perfect, sharp or turned edge only. Made in any size or color.

No. 10F183. Cut Edge Trip Missouts, any  
combination .....Per Pair \$1.50

## SAW EDGE TRIP DICE

Another variation of the turned edge, preferred by some. This work is very mild, but in combination with a slightly raised spot, the percentage is considerably increased while new. No extra charge for this work. Made in any size or color.

No. 10F184. Saw Edge Trip Missouts, any combination.....Per Pair \$2.00

No. 10F186. Saw Edge Trip Passers, any combination.....Per Pair 2.00

## RAISED SPOT TRIP DICE

This is one of the popular examples of Trip Work and because of its construction is somewhat less subject to wear. Sharp, Turned or Slightly Rounded edge. Made in any size or color.

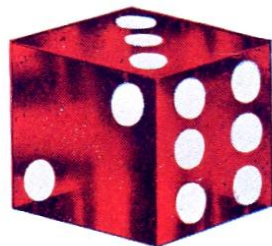

No. 10F187. Raised Spot Trip Missouts, any combination.....Per Pair \$2.00

No. 10F188. Raised Spot Trip Passers, any combination .....Per Pair 2.00

## FILLED TRANSPARENT DICE

**F**ILLED Transparent Dice with a percentage almost as great as filled White Dice are now made possible by the use of our special platinum and gold spot fill. The spots appear natural and a special reaming assures spots that will always remain tight. Platinum fills, using 24-gauge platinum produce the strongest dice. 24-gauge gold fills are only a degree less effective and where a moderate percentage is sufficient the amalgam filled dice will prove entirely satisfactory.

## FILLED TRANSPARENT MISSOUTS

This is a perfect pocket set and for general play will prove most satisfactory. These dice will work on any surface except dirt or a blanket and show a handsome percentage for the Banker at all times. One dice is made to come Ace and the other Six and Deuce, bringing up the numbers 3 and 7. Spots look entirely natural and we suggest  $\frac{5}{8}$ -inch dice with slightly round corners for best results. Fair dice to match included with each set, no switching during play.

No. 10F150. Platinum Filled Missouts.....	Per Set \$16.00
No. 10F151. Gold Filled Missouts.....	Per Set 10.00
No. 10F152. Amalgam Filled Missouts.....	Per Set 7.50

## FILLED TRANSPARENT PASSERS

While not quite as strong as the Missout Dice, the Filled Transparent Passers will show a very satisfactory percentage, especially when used on a smooth, hard surface giving the dice plenty of action. We recommend the use of the platinum or gold fills in this combination unless a very mild percentage is sufficient, in which case amalgam fills will prove satisfactory. These dice are filled to bring up the numbers 4, 6, 8 and 10 most often and it is not necessary to switch during play. Slightly round corner

dice in the  $\frac{5}{8}$  inch size give best results, fair dice to match with each set.

No. 10F153. Platinum Filled Passers .....	Per Set \$16.00
No. 10F154. Gold Filled Passers .....	Per Set 10.00
No. 10F155. Amalgam Filled Passers.....	Per Set 7.50

## THREE DICE COMBINATION

This is a popular combination set and consists of five dice, three filled and two fair in transparent, all to match. Two of the filled dice are the regular old stand-by missouts, Ace and Six Deuce. The third filled dice is a strong Deuce Four and when used with the Deuce Six makes the points 4, 6, 8 and 10 the favorites. The filled dice bear a secret mark avoiding the possibility of mix ups and complete instructions are supplied with each set.

No. 10F156. Platinum Filled Three Dice Combination.....	Per Set \$24.00
No. 10F157. Gold Filled Three Dice Combination .....	Per Set 15.00
No. 10F158. Amalgam Filled Three Dice Combination.....	Per Set 10.00

We also furnish three dice sets in various other combinations at the price of the set listed.

## GOLD LOAD BIRDSEYE INLAID DICE

Flush Birdseye Inlaid Spot Transparent Dice are an exclusive Evans product and one that every operator should consider. These are PERFECT Dice, entirely hand made with spots inlaid and flush with the surface and caliper perfect.

When made up in percentage dice using a 24 gauge gold fill they will show more than average strength and are very satisfactory in either Missouts or Passers. Spots are very shallow and guaranteed for the life of the dice. Made in any color transparent, sizes  $\frac{5}{8}$ ,  $\frac{1}{16}$  and  $\frac{3}{4}$  inch, edges sharp, brushed, round, etc.

No. 10F139.	Inlaid Birdseye Missouts and Fair.....	Per Set	\$15.00
No. 10F140.	Inlaid Birdseye Passers and Fair.....	Per Set	15.00
No. 10F141.	Inlaid Birdseye PERFECT Fair Dice.....	Per Pair	2.00

Shaped Dice, Mis-spotted Dice, etc., also furnished to match above. Prices on request.

## SMALL FILLED TRANSPARENT DICE

Small Transparent Dice in sizes from  $\frac{3}{8}$  inch to  $\frac{9}{16}$  inch are popular in some sections of the country and when made up with platinum or gold fills will give surprising results. Made in all combinations, fair dice to match included with each set.

No. 10F132.	Small Transparent Missouts, Platinum filled.....	Per Set	\$16.00
No. 10F133.	Small Transparent Missouts, Gold filled.....	Per Set	10.00
No. 10F134.	Small Transparent Passers, Platinum filled.....	Per Set	16.00
No. 10F135.	Small Transparent Passers, Gold filled.....	Per Set	10.00
No. 10F136.	Three Dice Combination, Platinum filled.....	Per Set	24.00
No. 10F137.	Three Dice Combination, Gold filled.....	Per Set	15.00

## ATTENTION!

This, the FOURTEENTH EDITION of our BLUE BOOK, speaks for itself.

CLUB and CASINO SUPPLIES, a 60-page catalog, printed in four colors and completely illustrated, includes the most handsome and high grade line of Club Room and Casino Equipment ever produced. Tools and Equipment for every purpose at NEW LOW PRICES to fit the times. FREE ON REQUEST.

PARK and CARNIVAL EQUIPMENT, a 72-page catalog printed in two colors and completely illustrated, contains a COMPLETE line of Games and Equipment suitable for Parks, Carnivals, Beaches, Fairs, etc., including many NEW GAMES never offered before as well as the most complete line of LONG RANGE SHOOTING GALLERIES in the United States. FREE ON REQUEST.

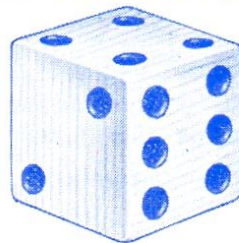

## SHAPED PERCENTAGE DICE

THE dice listed on this page, while differing from the filled dice on the preceding pages, are very popular among smart players. There is no inside work on these dice whatever, the percentage being obtained by means of work on the surface of the

dice. Shaped dice are not mis-spotted and will balance perfectly and will prove most satisfactory where it would be impossible to use filled dice. Do not confuse these dice with the old style hand made buffed shapes as these dice are machine made throughout and represent the very highest grade of work obtainable.

## NEW IDEA CRAP DICE

New Idea Crap Dice will show a much stronger percentage than other shaped dice as four of the faces are shaped in such a manner as to bring up the numbers 2, 3, 7 and 12 more often than they would ordinarily appear. The dice are machine made and accurately spotted and polished; mechanically correct. This set will give more all around satisfaction in a steady game than anything on the market. Made in any color transparent or white,  $\frac{5}{8}$  inch most satisfactory size. Passing Dice show a mild percentage only.

No. 10F1002. Missout New Idea Crap Dice.....Per Pair \$2.50  
No. 10F1003. Passing New Idea Crap Dice.....Per Pair 2.50

## MECHANICAL or INVISIBLE SHAPES No. 1000

This set offers the dice operator a shaped percentage dice that is superior to anything ever produced heretofore. The set consists of two special dice machine made and shaped to bring up the numbers 2, 7 and 12 more often than they would ordinarily appear. Made in white or any color transparent, these dice will prove most satisfactory in  $\frac{5}{8}$  inch size. Do not compare these dice with the crude hand made dice so often seen as they represent a degree of perfection to suit the most critical. Passing Dice will show a very mild percentage only.

No. 10F1000. Missout Mechanical or Invisible Shapes.....Per Pair \$2.00  
No. 10F1001. Passing Mechanical or Invisible Shapes.....Per Pair 2.00

## BUFFED SHAPES No. 1004

This set consists of two special dice which are not only shaped but also buffed. This increases the percentage over the regular shaped dice and brings up the numbers 2, 7 and 12 more often than usual. The buffing of the dice is expertly and carefully done and they will prove very satisfactory when used on any hard, smooth surface. Made in white or any color transparent,  $\frac{5}{8}$  inch size is the most satisfactory. Passing Dice will show a very mild percentage.

No. 10F1004. Missout Buffed Shapes .....Per Pair \$2.50  
No. 10F1005. Passing Buffed Shapes .....Per Pair 2.50

## ADHESIVE OR SUCTION CRAP DICE

This set consists of two special dice which are neither filled nor shaped, but by means of suction they produce, will bring up the numbers 2, 7 and 12 more often than they would ordinarily appear. The dice balance and size perfect and are spotted regular. They afford a mild percentage for the banker and are supplied in white or any color transparent. Most practical in  $\frac{5}{8}$  inch. Passing Dice show a very mild percentage.

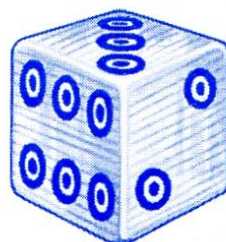

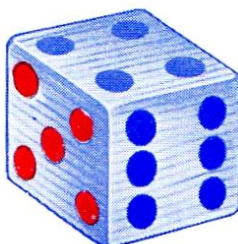

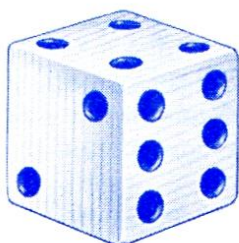

No. 10F1036. Missout Adhesive Crap Dice .....Per Pair \$3.50  
No. 10F1037. Passing Adhesive Crap Dice.....Per Pair 3.50

## FILLED or LOADED WHITE DICE

**F**ILLED White Dice that are expertly made and perfect in action are produced by our skilled dice mechanics in a wide variety of combinations, some of the most popular listed below. These dice are the choice of particular Dice men everywhere who demand dice that will stand the test. All EVANS Filled White Dice are correct in every detail, sound and roll natural, spotted uniform and guaranteed satisfactory when used on a hard, smooth surface. Weights never become loose and dice are balanced so that the filled dice do not weigh more than the fronts.

Filled White Dice are supplied in any size white celluloid, bone or ivory with regular concave spots, birdseye spots or inlaid spots; either round or square corners. Five-eighths size is the most satisfactory and round corners increase the percentage. ANY SPECIAL COMBINATION made to order WITHOUT EXTRA CHARGE.

### MISSOUTS No. 100. EVERYBODY'S FAVORITE

This is one of the most popular and successful missout sets ever produced for Banking or Fading. One of the special dice is filled to favor the Ace and the other the Deuce-Six, making the numbers 3 or Craps and 7 strong favorites. The dice sound and roll natural and every point will show when in action and no switching required. A splendid pocket set.

No. 10F100. White Filled Missouts with fair to match.....Per Set \$5.00  
Set No. 100. With one set of Passers.....Complete 9.00

### MISSOUTS No. 101. FOR FADING or BAR BETS

Another popular Missout set, these dice also make 3 or Craps and 7 strong favorites but will seven out with a Deuce-Five instead of an Ace-Six. One of the special dice is filled to favor the Ace and Five and the other dice is a Dead Deuce. These dice require no switching, sound and roll natural and are one of the most satisfactory sets for Bar bets.

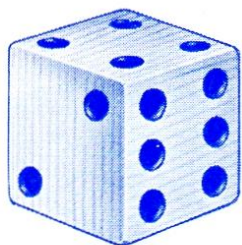

No. 10F101. White Filled Missouts with fair to match .....Per Set \$5.00  
Set No. 101. With one set of Passers.....Complete 9.00

### MISSOUTS No. 105. LOW CRAPS—ALL SEVENS

The special dice in this set are filled to favor the Ace-Trey-Five and the Deuce-Four-Six respectively. With this set seven is made with every combination and while the percentage is not so great as that shown by some of the other sets, still it is popular in some localities. No switching necessary.

No. 10F105. White Filled Missouts with fair to match.....Per Set \$5.00  
Set No. 105. With one set of Passers.....Complete 9.00

## PASSERS No. 108. PASSERS THAT PASS

This is the best passing or hitting set for general use and a perfect companion to our Missout Set No. 100. The special dice are filled to show the numbers 6, 8, 9, 10 and 11 about five times as often as when using ordinary dice and it is not uncommon to make from three to six passes before throwing a seven. Very few Craps will show. No switching with these dice.

No. 10F108. White Filled Passers with fair to match.....Per Set \$5.00  
Set No. 108. With Missouts to match.....Complete 9.00

## PASSERS No. 111. STRONG PASSERS

A popular passing or hitting set, these dice will show all possible points when in action except 10. The special dice are filled to bring up the numbers 4, 5, 6, 8 and 9 and while they will not show quite as strong a percentage as the set listed above they will be found very satisfactory and are preferred by some smart dice men. No switching necessary.

No. 10F111. White Filled Passers with fair to match.....Per Set \$5.00  
Set No. 111. With Missouts to match.....Complete 9.00

## THREE DICE COMBINATION No. 114

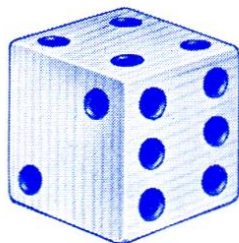

This is a popular combination set for pocket use consisting of a strong pair of Missouts; a Dead Ace with a Deuce-Six making them favor the numbers 3 and 7. A third filled dice made to come Deuce-Four used with the Deuce-Six makes a pair of good passers favoring the points 4, 6, 8 and 10. The filled dice bear a secret mark making it easy to change them without danger of a mix up. Complete instructions furnished with each set.

No. 10F114. White Three Dice Combination with fair.....Per Set \$7.50

## THREE DICE COMBINATION No. 113

This is also a popular combination set two of the special filled dice being strong passers to show the numbers 4, 6, 8 and 10. A third filled dice which can be used with either of the other filled dice changes them to missouts, strong on Craps and showing all sevens.

No. 10F113. White Three Dice Combination with fair.Per Set \$7.50

## SINGLE DICE COMBINATIONS

The use of a Single Filled Dice in combination with one ordinary dice is favored by some operators and we offer these sets in any combination desired. A favorite Missout Set consists of a fair dice in combination with an Ace-Deuce-Four, making the numbers 2 and 3 the favorites, the 7 appearing the same as with ordinary dice. A favorite Crap Combination consists of a fair dice in combination with an Ace-Deuce, making 2 and 3 the favorites. With this set 7 will not appear quite as often as usual. No switching is necessary when using these dice. When ordering state combination you prefer.

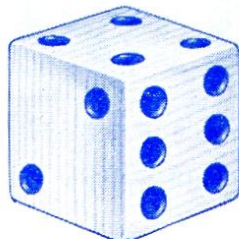

No. 10F106. White Single Dice Combinations.....Per Set \$2.50

## IMPROVED GRAVITY DICE

**N**EW, Different and BETTER, our Improved Gravity Dice offer you strong percentage dice that caliper perfect, contain no metal of any kind, are not hollowed out, yet show results equal to the best filled work ever produced. Improved Gravity Dice are an exclusive EVANS product and make one of the best pocket sets ever offered. The dice can be cut open or burned yet reveal nothing, always ready for use and no switching. Satisfaction guaranteed or money refunded.

Improved Gravity Dice are made in round corner  $\frac{5}{8}$  white celluloid only in either Missouts or Passers. Do not confuse these dice with Floaters as they are twice as strong and stand the test.

No. 10F171.	Missout Improved Gravity Dice with fair to match.....	Per Set \$ 7.50
No. 10F172.	Passing Improved Gravity Dice with fair to match.....	Per Set 7.50
No. 10F173.	Three dice combination.....	Per Set 10.00

## FLOATERS

Floaters made in any size in white celluloid, bone or ivory have long been used by dice men who are satisfied with a very mild percentage. These dice are not weighted or shaped, can be burned and leave no evidence and get by when nothing else will.

No. 10F189.	Missout Floaters, any size.....	Per Pair \$4.00
No. 10F190.	Passing Floaters, any size.....	Per Pair 4.00

## DOUBLE CROSS DICE

For the hustler who is giving the monkey the best of it we can furnish the double 3 double X and guarantee them to seven out the way they should. With a double 5 double X on the high we offer low dice that will come low to your entire satisfaction. One pair fair, one pair tops and one pair cross to each set. We do not furnish these dice in transparent material.

No. 10F191.	Double 3 double X, any size.....	Per Set \$6.00
No. 10F192.	Double 5 double X, any size.....	Per Set 6.00

## PEE WEE DICE

In some localities very small dice, commonly called Pee Wee Dice, are very popular. The sizes generally range from a number 4 bone-dice to  $\frac{7}{16}$  inch composition. Small dice, especially bone, give the ordinary dice maker considerable trouble and the work is usually unsatisfactory. However, with our equipment and skilled mechanics, we produce special Pee Wee dice that are exact duplicates of our special dice in the larger sizes. Our Pee Wee loads are not only filled but hollowed to insure fast action and make them balance with the fair dice. Pee Wee Dice are made in ANY COMBINATION listed for regular dice with NO EXTRA CHARGE. Sample dice must be sent on all orders for Pee Wee Dice.

## DRUG STORE DICE

We are always prepared to match up common Drug Store Dice with any class of work you may require WITHOUT EXTRA CHARGE. Locate the work you need in the regular stock dice, send us your sample and we will produce matching work to order.

## FIRST FLOP DICE or SETTLERS

OUR Special First Flop Dice have met with great success for Indian, Baseball and Poker Dice. Each set consists of five special dice prepared in such a manner that by following instructions you can show a much larger hand than your opponent when desired, both using the same dice. These dice will give much better satisfaction when used in connection with the special dice box listed which has an inside surface made to meet the requirements of these dice. The most practical set is an Ace-Five combination in  $\frac{1}{16}$  inch white celluloid. Other combinations made to order.

DICE**

**TAP  
THEM  
AGAIN  
FAIR  
DICE**

**T**APPING Dice, originated and developed by H. C. EVANS & CO. are the ONLY practical shifting load dice ever produced and are a pocket set every sporting man, cross roader and hustler should own. Always ready for action and never failing to produce results, Tapping Dice can be changed INSTANTLY from fair dice to percentage dice and back to fair. Made in white celluloid or red or blue opaque celluloid (not transparent) in  $\frac{5}{8}$  inch size only. Tapping Dice cannot be made in transparent material.

Do not confuse these dice with the many imitations and substitutes being offered. Tapping Dice do not contain mercury or other fluid substance, do not rattle, have a perfectly natural sound and roll, and a half hour's practice following our simple instructions for changing will make you lightning fast. Every pair of Tapping Dice guaranteed satisfactory or we will exchange for full amount in any other goods desired.

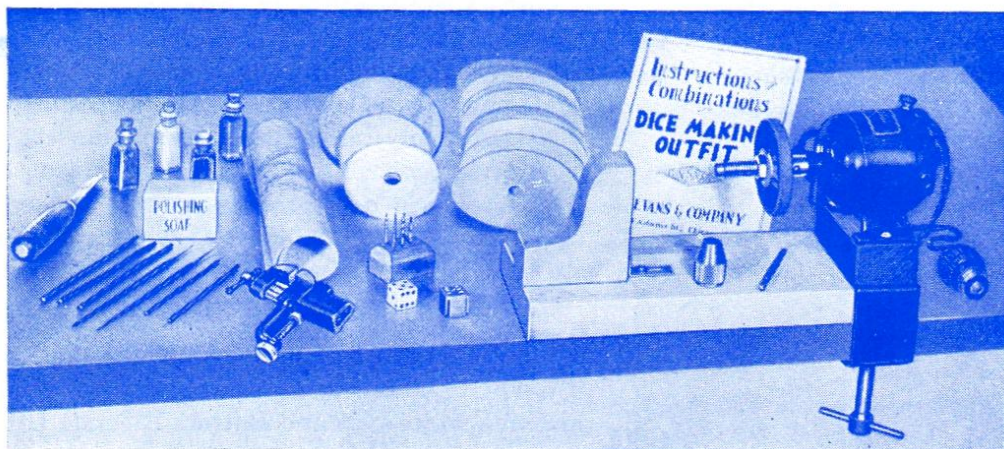

## FOR BANKING or FADING

This set consists of four dice, two special and two ordinary and is supplied in white, blue opaque or red opaque celluloid (not transparent). The special dice are made so that by tapping them they can be changed from fair dice to missouts and back to fair dice at will. When tapped for missouts they will show the numbers 3, or craps, and seven more often than they would ordinarily appear. When tapped for fair dice they are the same as any ordinary dice and will not favor any number. Complete instructions with each set. These dice are also made in a strong passing combination.

## EVANS' GIANT ELECTRO MAGNET

**T**HE Giant Electro Magnet is a recent development in Dice Magnets and is one of the few that will control Transparent Dice with the same positive results that are obtained with white dice. This Magnet is made in two sizes, one 12 inches in diameter with a 10-inch field weighing 15 pounds, and one 18 inches in diameter with a 14-inch field weighing 36 pounds.

The Giant Electro Magnet is operated with three 12-volt 120-ampere automobile type storage batteries and the Magnet Coil, being only  $\frac{3}{4}$  inch thick, can be placed in many places where it would be impossible to use an ordinary magnet. We supply two types of control for this magnet, one the heavy duty fire proof carbon foot control illustrated and the other our New and absolutely noiseless VACUUM TUBE MERCURY control which can be operated with the foot or in various other ways. This is a big improvement in magnet control. Complete instructions for installing with 45 feet of cable wire, control, and 1 pair transparent electric dice included with each magnet.

We suggest purchasing batteries locally to save carrying charges and they are easily hooked up with our simple instructions. Also the use of a trickle charger is advisable for continual service. If you are unable to purchase these items locally we will supply them at cost.

## ELECTRIC DICE FOR MAGNETS

**E**LECTRIC Dice for Magnets, both in White and Transparent, that are absolutely positive in action when they fall over the magnet plate are a proved success and below we list the most satisfactory combinations. In manufacturing Transparent Electric Dice there are limitations and restrictions that make it impossible to produce them in as wide a variety as is possible with White Dice and it is an established fact that more power is required to obtain results, and a magnet that will operate perfectly with white dice cannot always be depended on for perfect results when Transparent Dice are used.

All EVANS Electric Dice are thoroughly practical, not only in theory but in actual use. They have been developed beyond the experimental stage and are guaranteed satisfactory or MONEY REFUNDED.

## TRANSPARENT ELECTRIC DICE

PERFECT Transparent Electric Dice, made to come top and bottom numbers and sure in action are supplied in  $\frac{5}{8}$ ,  $\frac{11}{16}$  and  $\frac{3}{4}$  inch sizes, any color. These dice caliper perfect, spots are shallow and they have the appearance of any PERFECT Transparent Dice. For positive, never fail action with these dice we recommend our Magnet, listed on page 28. When ordering state whether to come Ace-Six, Five-Deuce, or Trey-Four.

- No. 10F144. Transparent Electric Dice .....Per Pair \$10.00

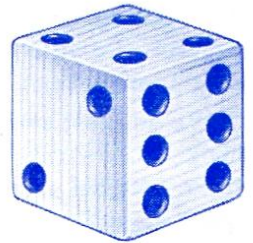

## IMPROVED TRANSPARENT ELECTRIC DICE

Improved Transparent Electric Dice are made to come One, Two or Three numbers as follows: One number, a particular side; Two numbers, any two numbers on sides adjoining as Ace-Deuce, Deuce-Six, etc.; Three numbers, any three numbers on sides with a common corner as Ace-Five-Four, Six-Deuce-Four, etc. These dice caliper PERFECT, spots are shallow and they look and roll natural, made in  $\frac{5}{8}$ ,  $1\frac{1}{16}$  and  $\frac{3}{4}$  inch sizes. When ordering state combination and size preferred. These dice are intended ONLY for use in connection with our Super Dynamic Magnet listed on page 28.

No. 10F112. Improved Transparent Electric Dice.....Per Pair \$20.00

## WHITE ELECTRIC DICE

White Electric Dice, made to show top and bottom numbers, are the most satisfactory Electric Dice for general use in connection with a dice box. These dice are spotted regular and sound and roll natural, but when used in connection with the Counter or Show Case Magnet or the Electro Money Drawer, will always show the numbers they are made for when rolled over the magnet. White Electric Dice are made in all sizes,  $\frac{9}{16}$  and  $\frac{5}{8}$  inch being the most practical.

When ordering state whether Ace-Six, Five-Deuce or Trey-Four Dice are wanted. Very popular for Poker, Indian, Klondike, etc.

No. 10F117. White Electric Dice, any size.....Per Dice \$ 1.00

No. 10F118. Mis-spot White Electric Dice.....Per Dice 1.50

No. 10F119. Electric Cage Dice, 1 inch or  $1\frac{1}{4}$  inch.....Set of 3 15.00

## SIDE COMBINATION WHITE ELECTRIC DICE

These dice are similar to those listed above except that instead of coming top and bottom numbers they will come the numbers on two adjoining sides of the dice such as Ace-Deuce, Deuce-Six, etc. These dice are absolutely positive in action when rolled over the magnet and are most satisfactory in  $\frac{5}{8}$  and  $1\frac{1}{16}$  inch sizes. Be sure and state combination when ordering.

No. 10F120. Side Combination White Electric Dice, any size.....Per Dice \$ 7.50

## OWL CUBE GAME

TO stimulate business with a very small expenditure we can suggest nothing better than our Owl Cube Game as illustrated. This is a counter game that is a practical substitute for a slot machine and is a general favorite with players and operators alike, awards being frequent but returns certain.

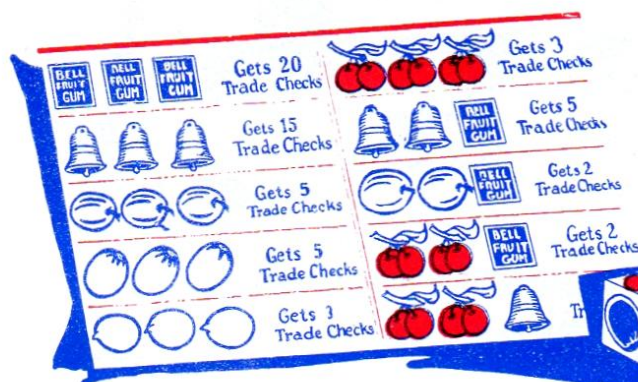

The outfit consists of five special cubes, one cardboard chart or layout on which bets are placed and which shows the odds paid, and one shaker. The shaker is 8 inches high, 10 inches in diameter and weighs  $1\frac{1}{3}$  pounds. It is made of hardwood, mahogany finished and lined with green felt. The cylinder through which the cubes pass is equipped with tumblers which positively prevent any manipulation

of the cubes and insure plenty of action.

The cubes are perfectly square and a very attractive novelty. They are inlaid in a combination of colors so arranged as to show an increased profit of about 10% and we suggest operating for a 25c limit. We are also prepared to furnish a wool felt layout for this game 18x24 inches in size which is preferred by many operators where conditions permit. This layout is extra as listed.

## EVANS' BELL FRUIT GAME

Here is a brand new and novel counter game that affords all the attraction of a slot machine at a very small cost. This game can be used where slot machines are barred and will show big returns in increased profits. The game consists of four  $\frac{3}{4}$  inch white celluloid

cubes, beautifully embossed in colors and a handsome reward card. The cubes are designed to show all the combinations that are possible with the universally popular Bell slot machines and the annoyance arising from the use of slugs is entirely eliminated. Rewards range from 2 to 1 to 20 to 1. This is an opportunity you cannot afford to overlook. We recommend the Evans' Dice Shaker as illustrated on this page for use with this outfit.

## SHIMMY SHAKER DICE GAMES

Two of the most popular Counter Games ever produced, either of these games will not only entertain your customers but afford added profit for the merchant. The Shaker is neat and compact with rubber suction cup base, easily attached to any counter or show case and the top is covered with clear, unbreakable celluloid. Operated for money or trade these games are a knock-out and the novelty of the Shimmy Shaker as a drawing card cannot be equalled. Dice are sealed in the top and proof against tampering.

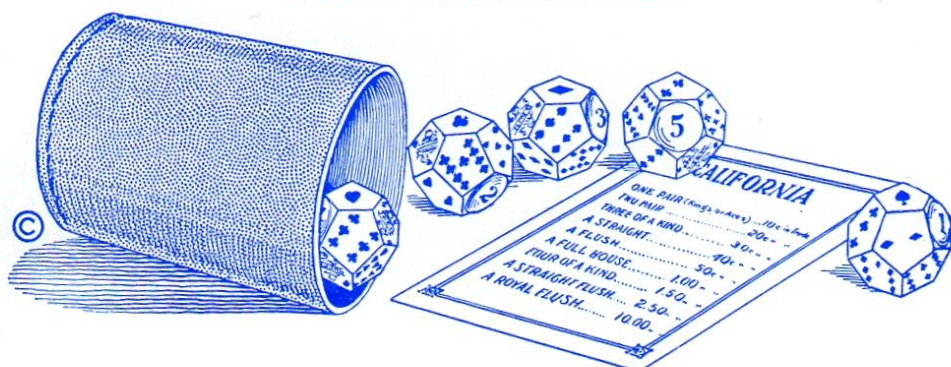

The Foo Chung Game includes the Shimmy Shaker and two dice with a layout printed in beautiful colors under heavy plate glass, size 9x11 inches.

The Chuck Luck Game includes the Shimmy Shaker and three dice with a handsomely colored layout under plate glass, size 9x11 inches.

## DICE MATS

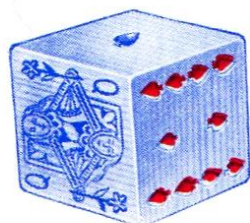

**W**E carry an assortment of dice mats and boards to meet all conditions. They save time and damage to show cases and are a necessity for the operator of any counter dice game. From left to right the illustration shows first, a wood dice board  $24\frac{3}{4} \times 18\frac{3}{4}$  inches square, lined with best grade billiard cloth and having a  $1\frac{1}{2}$  inch backstop which is tapered to  $\frac{5}{8}$  inch on the player's side. The second is a flexible rubber mat with raised edge and rounded corners, entirely covered with green wool felt making it entirely noiseless. This is a dice mat that will give entire satisfaction under all conditions, size  $17 \times 23$  inches.

The third mat shown is a flexible black rubber mat with raised edge and uncovered, size  $17 \times 23$  inches and the fourth is a flexible rubber mat without rim and covered with green billiard cloth. This is also a very satisfactory change pad. Size  $17 \times 23$  inches.

## 26 GAME SUPPLIES

Increase Your Sales.

Swell Your Profits.

Move Your Merchandise.

**T**HE 26 Game offers you unequalled possibilities as a trade stimulator; always popular with the players and shows a handsome percentage in favor of the operator. For most satisfactory results only PERFECT Hand Squared Dice should be used, the popular style being  $\frac{5}{8}$  inch White Celluloid Dice with Red, Black and Blue inlaid spots. PERFECT Inlaid Spot Dice balance and caliper perfect and will not favor any side which might upset the percentage.

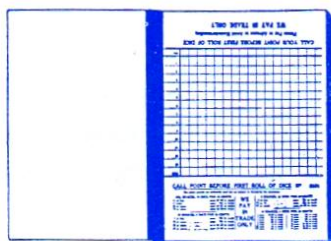

The 26 Game Outfit consists of 10  $\frac{5}{8}$  inch PERFECT Inlaid Spot Dice, a Rubber Dice Mat (see cut on opposite page) to keep dice from scattering, a heavy sole leather Trip Dice Box which prevents manipulation of the dice and a Score Book with instructions for shaking and paying on each sheet.

No. 10F164. 26 Game Outfit as above.....Complete \$15.00

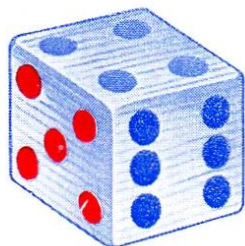

### DICE GAME SCORE BOOK

**T**HE Dice Game Score Book can be used for several different games including the 26 Game and each page shows rules for shaking and paying. Pages are ruled and numbered so the operator has a complete record of all games, space in each book for 850 games.

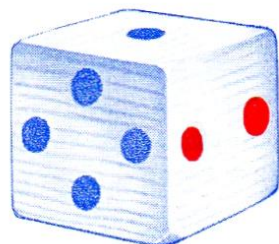

No. 30F06. Dice Game Score Book.....Each \$0.75

### INLAID SPOT DICE

**T**HESE Dice are particularly adapted for use in the 26 Game and are made with Inlaid Spots in colors red, black and blue. Spots may be had either Regular or Freak spots as desired, some operators preferring the Freak spots as they are not easily duplicated and afford protection.

We furnish these Dice in either regular stock or in our PERFECT Hand Squared Dice and always recommend the use of the PERFECT Dice as they not only wear better but are a real percentage insurance for the operator. When ordering state whether Regular or Freak Spots are desired.
