DICE MEASURING TOOLS

Precision dice measuring tools are a necessity for every operator of a dice game. Regardless of the care exercised in selecting your dice, the precision tools listed below will help you to properly protect your game.

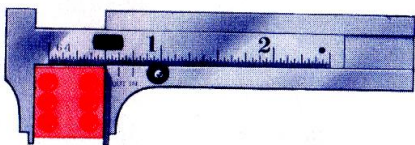

PERFECTION DIAL MICROMETER

This is the newest, fastest and most accurate tool ever devised for measuring dice. This measuring instrument is rugged in construction and not affected by wear, yet extremely sensitive. The quick acting spindle is lifted by pressing the knurled wheel with the thumb in an upward motion. Releasing the thumb allows the spindle to close on the dice to be measured. The spindle can be locked in any position and used as a snap gauge for the "Texas Mike" dice test. Thousandths of an inch are enlarged by spaced graduations on the dial permitting readings of one-tenth of a thousandth with no possibility of an error.

No. A-3. Perfection Dial Micrometer . . . Each **\$35.00**

SLIDE CALIPER

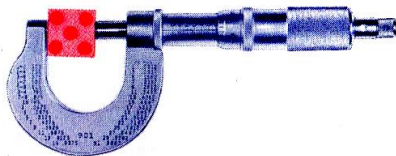

This is a fairly accurate tool for quick measurements. Equipped with a lock-nut, it shows variations to $\frac{1}{64}$ of an inch. Made of hardened tool steel and easily carried in vest pocket.

No. A-1. Slide Caliper . . . Each **\$12.00**

MICROMETER CALIPER

In the hands of a man mechanically inclined this tool is actually the most accurate hand tool made. This micrometer is fitted with a ratchet stop preventing injury to dice by pressure. Shows variations to one ten thousandth of an inch. Made of the best materials obtainable.

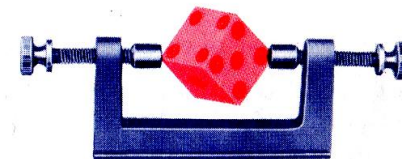

No. A-2. Micrometer Caliper . . . Each **\$25.00**

A deposit of $\frac{1}{2}$ must be sent with all orders.

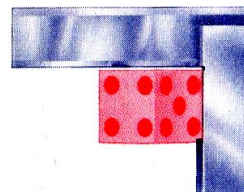

BALANCING CALIPER

A new tool which will immediately detect a weighted dice regardless of how light the weight may be. Fast in action with absolute accuracy, this is a tool needed by every dice man. Chrome finish with case hardened pivot joints.

No. A-7. Balancing Caliper . . . Each **\$6.00**

KNIFE EDGE SQUARE

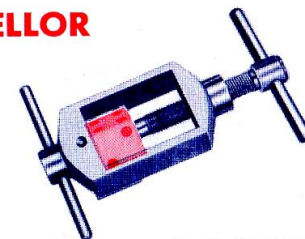

Dice may caliper perfect and still be out of square. This tool is made of case hardened tool steel and is as accurate as a pocket square can be made. The proper method in testing dice for squareness with a knife edge square is diagonally from corner to corner as illustrated.

No. A-5. Knife Edge Square . . . Each **\$12.50**

MONOGRAM CANCELLOR

A practical tool for cancelling monograms, initials, or marks on dice when dice are given away to players. This tool prevents the dice from again being used in the game at another time.

No. A-4. Monogram Cancellor . . . Each **\$12.50**

BALL CORNER DICE

Accurate Ball Corner Dice, perfectly rounded edges in the shape of a ball. Used for Barabaut, Hazard and Chuck Luck. All sizes spotted like regular dice unless numerals are desired. All sizes supplied in Red or Green transparent or White.

No. F-11. Ball Corner Dice, $\frac{5}{8}$, $\frac{11}{16}$, or $\frac{3}{4}$ -inch sizes . . . Per pair **\$6.00**

No. F-13. Ball Corner Dice, 1-inch size . . . Per pair **\$8.00**

A deposit of $\frac{1}{2}$ must be sent with all orders.

ENGRAVED SPOT DICE

To give you an extra added protection against run-ins, we can supply special engraved spots on perfect dice in any of the four distinctive patterns illustrated below. Dice with engraved spots are made to order and a full remittance must accompany your order. No exchanges made on this style of spotting.

DICE SHOOTERS STORE

The wise dice player carries a complete store to handle any situation. To fill this need, we offer a complete selection in either club style or Drug Store style in any size. Each store consists of a pair of weights to go out with a 5-2; a pair of Even point tops with buster; a pair of Bar point tops with buster; a pair of Field number tops with buster; one pair of 6-1 shapes and three pair of squares. Because of the LOW price, we cannot break up or make substitutions in this set. This is a \$26.50 value. Save \$4.50 on this set.

EDGE WORK DICE

Our advanced methods for producing this type of work (sometimes called Trip or Slick Dice) have been copied but never satisfactorily duplicated.

This work can be made on dice 7/16" or larger for excellent results. The dice shown below will all CALIPER PERFECT, yet will give the Banker or Fader excellent percentages. We suggest using this work on a flat surface which is covered with cloth. The life of this work is limited, and we recommend frequent replacement with new dice to maintain your percentages. **MUST BE 7/16" SIZE OR LARGER.**

CAPPED TRANSPARENT DICE GREEN AND RED

Our improved capped dice are entirely different from ordinary percentage dice, certain sides having a layer of special non-slip tripping material incorporated in them causing them to show certain numbers with amazing regularity. Our improved capped dice are better as they caliper perfect, take the same finish on all sides and capped sides never come loose, neither do they stick together or pick up dirt. We recommend that caps be used in Light Round Corners or Slightly Turned Edge. For best results use on any hard surface with cloth covering. Capped dice in combinations listed below or in any other combination desired. Capped dice must be $\frac{7}{16}$ or larger. **NOT MADE IN WHITE.** Cannot be made with square corners, must have at least a feather turned edge. Not available with birdeye spots.

PASSING CAPPED DICE

The best transparent dice combination manufactured for getting passing results. Three craps are practically eliminated, the fourth is offset by two elevens, making this a powerful passing set.

No. 500. Capped Passers, No Fair, guaranteed to pass (Capped to show 3-5-6). Making numbers 6-8-8-9-9-10-11-11-12, any size or color.....Per Pair **\$9.00**

For perfect dice to match above Capped Work see Page 4 for prices.

INSTACAP

Another "FIRST". This is a true paste form capping material which works INSTANTLY on any kind of dice. You cap dice during a game. Until now no one has been able to do this successfully, without spending days applying the cap. Now, with our marvelous INSTACAP, you can control the craps any way you want them to go. Full instructions with order.

MISSING CAPPED EDGE WORK

Capped work set in certain edges makes this one of the smartest Do and Don't dice for operators who want the best. Not as strong as surface capped work but gets by where regular Capped Work would not. Supplied in dull finish unless ordered polished finish.

No. 504. Capped Edge Missouts, No Fair. Making numbers 2-7-7-12, any color or size.....Per Pair **\$9.00**

In lots of 5 pair or more.....Per Pair **7.50**

BANKING CAPPED DEUCES

This style of capped work recommended for Do and Don't games where action is mostly on front line and come. These dice are capped on 4-3 to show 1-2-5-6 sides making numbers 2-3-3-4-6-6-7-7-7-8-8-10-11-11-12. They show a quick seven and an extra number of craps. They work to fine advantage for a regular banking game, especially where odds are laid and bet back. We cannot recommend these dice too highly for taking care of dangerous front line play.

In lots of 5 pair or more.....Per Pair **7.50**

CAPPED PASSING FLATS

From all appearances these flats will miss, however, they are capped on certain sides which overcomes the flatness and makes them strong passers.

No. 510. Capped Passing Flats, No Fair, any color or size.....Per Pair **\$10.00**

CAPPED WEIGHT MISSOUTS

The strongest transparent missout dice set made. Capped missouts also weighted in the spots, making them miss as fast as the strongest white weight. For head and head play or pocket use these dice are without equal, stand close inspection and get by in fast company.

No. 515. Capped Weight Missouts, No Fair, any color or size.....Per Pair **\$30.00**

CAPPED WEIGHT PASSERS

The strongest transparent passing dice set made. Capped passers also weighted in the spots, making them pass as fast as the strongest white weight. Make points 6, 8, 9, 10 and 11 more often than any other transparent passing dice set. This set with Missout Set No. 515 prepares you for any occasion.

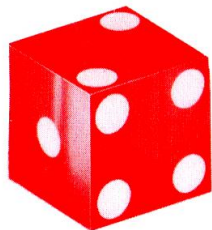

No. 516. Capped Weight Passers, No Fair, any color or size.....Per Pair **\$30.00**

For perfect dice to match above Capped Work add \$2.00 per pair.

SPECIAL FILLED TRANSPARENT DICE

One of our greatest successes in the line of dice work is in turning out transparent filled work so perfect that the most experienced experts are baffled by it. We use three different types of filling materials. Our best is a specially formulated metal compound which is tough, hard, and EXTRA HEAVY. We call this METALLOY and it gives you the greatest amount of weight in the smallest possible space. The old standby, Genuine 24K Gold can also be supplied, and for those wishing an inexpensive set of weights, we also offer a new alloy which will give you moderately good results. This new alloy we call MERCALLOY and it is proven its worth. Our Special Filled Transparent Dice are available in any size from 1/4" PEE WEE to full 3/4" Club size, altho we recommend 5/8" for best results. Made in Red or Green Transparent or White Opaque in Flush or Concave spots at no extra charge. Fully guaranteed.

BANKING OR FADING SET

This set, commonly known as missouts, consists of four dice, two special and two ordinary. One special dice filled for an ace and one for a 6-2 so as to make the numbers 3 and 7 come up more often than they ordinarily would. The dice sound and roll natural and will give the banker or fader a good percentage. No switching; 5/8 inch dice give the best results.

FADING OR BAR BETS

This set, commonly known as missouts, consists of four dice, two special and two ordinary. The special dice are filled in such a manner as to make the points 3 and 7 come up more often than they ordinarily would. The advantage of this set for bar bets lies in the fact they seven out with a 5-2 instead of 6-1. The dice sound and roll natural and will give the shooter a good percentage. No switching; 5/8 inch dice give best results.

PASSING OR HITTING SET

This set consists of four dice, two special and two ordinary. The special dice are filled to show 4-5-6, this favoring points 8-9-10-11. There is a reason for this combination that makes them very fast, which we do not care to disclose here. The dice sound and roll natural and will give the shooter a good percentage. No switching; 5/8 inch dice give the best results.

THREE DICE COMBINATION SET

This set consists of five dice, three special and two ordinary. One of the special dice is filled to favor the Ace and the other to favor the 6-2, and the third to favor the 4-2. When the 6-2 and Ace are in action the points 3 and 7 appear more than usual, making the dice strong missouts. By substituting the 4-2 for the Ace, the 6-2 and 4-2 will show the points 4-6-8 and 10 mostly. The dice sound and roll natural and will give a good percentage. The 5/8 inch size with a bevel and round corners give the best results.

THREE DICE COMBINATION SET

This is a very fine three dice combination set suitable for carrying in your pocket at all times. Consists of five dice, three filled and two fair. The missouts to this set are especially recommended as they show craps with two aces and also ace-deuce. These dice are extra strong against the shooter on the comeout and seven out fairly fast after a point is obtained.

This set is especially good against the bar as they seven out mostly with a 5-2. When the third dice is used they make a good passing set favoring the points 4-6-8 and 10. Carry these dice and be prepared for any angle which may arise.

TRANSPARENT AMALGAM WORK

In transparent work we recommend metalloy and gold above anything else. However, there are a good many of our customers who demand an inexpensive product, so to those who wish it, we will furnish any color transparent dice with amalgam filling at prices listed below. Remember that this is a cheaper grade of work, and is not as highly recommended by us, but will give fair results. Made in any size to 3/4 inch. The 5/8 size works the strongest in this particular work.

SPECIAL FILLED WHITE DICE

Our Filled White Dice are all made from blanks, thereby insuring a perfect match as to spot and size. We remove the entire center so that when filling is added the special dice do not weigh more than fair ones. Our Filled White Dice are correctly made by our skilled dice mechanics who thoroughly understand properly placing the weight for the most effective results. Our Filled White Dice sound and roll natural and are guaranteed satisfactory when used on any hard, smooth surface.

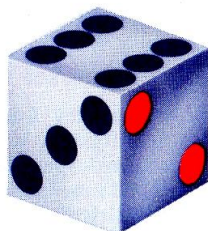

Filled White Dice are supplied in any size white celluloid, any type edge and corner desired. We recommend the $\frac{3}{8}$ inch size with round corners to those desiring the strongest dice work made. If your combination is not listed we will make it to order without extra charge.

BANKING OR FADING SET

This set consists of four dice, two ordinary and two special dice generally known as missouts. These dice are used exclusively for banking or fading purposes, and are filled in such a manner as to bring up the numbers 3 or Craps and 7 more often than they would ordinarily appear. One dice is filled to favor the Ace and the other to favor the Six and Deuce. The dice sound and roll natural, and every point will show in action. This set will give the banker or fader a very strong percentage; no switching.

BANKING OR FADING SET

This set consists of four dice, two special and two ordinary dice. These dice are used exclusively for banking or fading purposes and are filled in such a manner as to bring up the numbers 3 and 7 more often than they would ordinarily appear. One dice is filled to favor the Ace and Five, and the other to favor the Deuce. The dice sound and roll natural, and every point will show when in action. These dice will give a very strong percentage, and this combination is favored by some, due to the Seven being made with a Five and Deuce. Good for the bar. No switching.

PASSING DICE

This set consists of four dice, two special and two ordinary. These dice are used exclusively for passing or hitting and are filled in such a manner as to bring up the numbers 6, 8, 9, 10 and 11. These numbers appear about five times as often as they do when using ordinary dice, and it is very common to make from three to six passes before making a seven. Very few craps are shown. This is the most satisfactory passing set. No switching.

THREE DICE COMBINATION

This is the easiest three dice combination set to handle. In using this set you do not have to be particular which dice you take out when putting in the buster. The buster goes with either of the passers. Two of the dice show 3-5, the buster is a 4-2. This set gives the strongest results of any set when it is used by letting the player have the passers and when out on an even point, 4-6-8-10, switch in the buster. This is the nearest thing to lightning in a three dice combination. When the passers are in the favorite points 6-8-10. The buster makes them seven out quickly with a 4-3 or 5-2. This makes them especially strong against the bar. We give you a fair pair of dice to match.

PEE WEE DICE

In some localities very small dice, or Pee Wee Dice, are very popular. The sizes generally range from $\frac{1}{4}$ inch celluloid or bone to $\frac{7}{16}$ inch. Many firms are unable to supply this work satisfactorily. However, with our equipment and skilled mechanics, we produce special Pee Wee work that is even stronger than the same work in larger sizes. Our Pee Wee loads are not only filled, but are hollowed out to make them balance with fair dice. Our Pee Wee Dice are made in any combination listed for regular dice at no extra charge. Specify exact size of Pee Wee Dice desired or forward us a sample fair dice and we will match it.

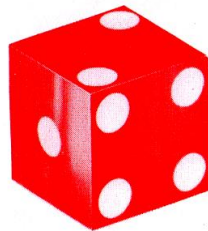

DRUG STORE DICE

We carry a complete line of all Drug Store Dice and can match up almost everything in this line. Tops, Flats, Loads or anything special you may need. Send us your sample and we can make up anything in our regular line of work to match your sample at NO INCREASE IN PRICES.

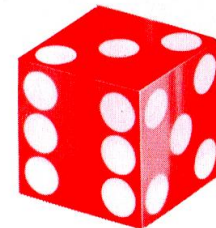

A deposit of $\frac{1}{2}$ must be sent with all orders.

SHAPED PERCENTAGE DICE

All our Shaped Percentage Dice are accurately machine cut and represent a degree of perfection that will please the most critical. Regularly supplied 5-10-15-20-30 and 40 thousandths off. Always state strength desired when ordering.

LOADSTONE

Used as a Luck Charm by Many People Who Believe That it Causes Them to Be Lucky in Almost Everything They Undertake to Do. This peculiar Magnetic Stone or Ore has been used for ages as a Luck Charm and is now carried by many people who have implicit faith in its magic powers who would not be without a pair of them.

It is sold in pairs, as many believe that one piece drives evil away and the other draws luck. However, this is, of course just according to your own belief, and our only guarantee is that we sell only High-grade, genuine magnetic loadstone. We buy our ore direct from one of the best mines. It is

selected at the mine and again by us, giving you the best grade we can obtain.

We enclose it in neat chamois bags convenient to carry in the pocket, or strings can be attached and worn on any part of the body.
