ILL.

NOTICE

WE HAVE MOVED TO
831 S. WABASH AVE.
CHICAGO 5, ILL.

Telephone WEBster 3515

You will find the prices in this catalog extremely low, despite recent advances in the cost of materials and labor. Our policy has always been to furnish the finest quality equipment that can be produced. This policy has not changed and we have not sacrificed quality in our merchandise.

Prices subject to change without notice.

TERMS

Due to present conditions, a deposit of one-half must be sent with all orders. Where indicated, full remittance is required before order will be shipped.

HOW TO SEND MONEY

You can send money by post-office money order, express order, bank draft or cash by registered letter. Amounts of \$1.00 or less can be sent in postage stamps. Do not send personal checks as they must be sent to your bank for collection before your order can be shipped.

IMPORTANT

To customers ordering from A.P.O. or F.P.O. numbers outside the United States.

Full amount must be sent with all orders as we cannot ship C.O.D. to A.P.O. or F.P.O. addresses outside the U.S.A.

Postal regulations prohibit sending INSURED mail to an A.P.O. address, therefore state in your order that you will assume full responsibility for delivery and we will ship ordinary parcel post.

When orders for overseas shipments exceed the weight limit of 5 lbs. or size limit of 15 inches in length or 36 inches in length and girth combined, order must be broken down to conform to these limits. Therefore, additional requests must accompany your order as the postoffice will not accept shipments without a specific request. This particularly applies to larger articles such as punchboards or more than a dozen decks of cards.

FOREIGN SHIPMENTS

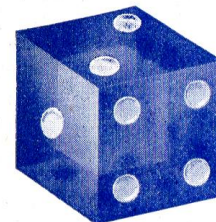

Full amount must accompany orders from foreign countries and outside continental United States. This includes Canada, Mexico, Hawaii, Cuba, Alaska, Philippine Islands and the Canal Zone. On orders for Cuba and Mexico always include the consular fee in your remittance.

EXCHANGES

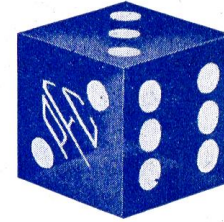

No merchandise may be exchanged unless it is returned to us in unused first class condition. When merchandise is returned, be sure to write and explain the reason. Your name **MUST** appear inside the package to avoid any possible delay.

PERFECT DICE

K. C. Card Co. Perfect Dice are made from the hardest, toughest long wearing material yet produced. No firm can supply a better material as we have developed dice sheeting to a point where its quality is of the highest. Have our dice compared with those of any other manufacturer or by any laboratory and we guarantee that

our dice will outperform anything on the market. With the hardest material ever produced we are able to manufacture Perfect Dice to a degree of precision never before attempted. Furthermore, the material used will not shrink or lose its shape nor is it affected by weather changes. All sides remain perfectly flat and will not become concaved or beveled.

Our dice can be embossed with your name or initials in plain letters or with attractive gold monogram free of charge. Special monogram or trademark supplied at a small extra charge to cover the cost of the die which becomes your property and will only be used on your dice. Where dice are to be stamped or monogrammed a full remittance must accompany your order.

Our perfect dice are manufactured in red or green transparent or white and finished in polished, dull, sand or satin finish. Polish finish supplied unless other finish is specified. Secret marks in the material supplied at no extra cost. We regularly supply six standard edges, square corner or razor edge, feather turned, slightly turned, double turned, light round or regular round edges. Always specify when ordering.

No. 520. Perfect concave spot dice, any size, color, edge.....Per pair **\$1.25**

No. 521. Perfect flush spot dice, any size, color, edge.....Per pair **\$1.50**

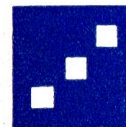

No. 523. Perfect white tri-color flush spot, any size or edge.....Per pair **\$2.00**

No. 524. Perfect birds-eye spot dice, any size, color, edge.....Per pair **\$1.25**

Specify single or double ring eye when ordering birdseye dice.

ENGRAVED DICE

We are equipped to supply special spotting on your dice. Below are shown four distinctive styles of spotting which will give you protection against ringers.

Square

Clover

Heart

Diamond

No. 522. Perfect engraved spot dice, any size, color, edge.....Per pair **\$3.00**

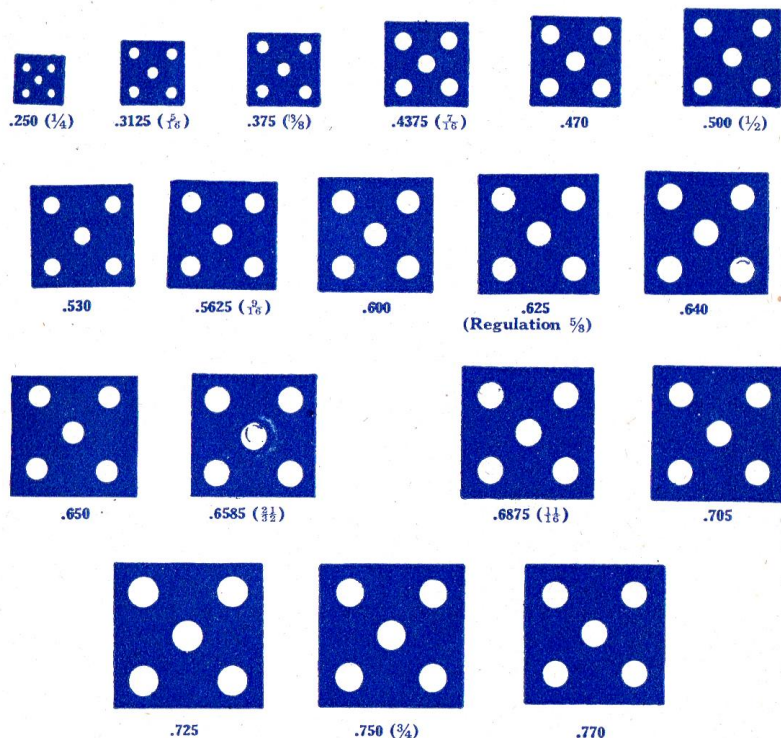

Specify type of spot desired.

A deposit of ½ must be sent with all orders.

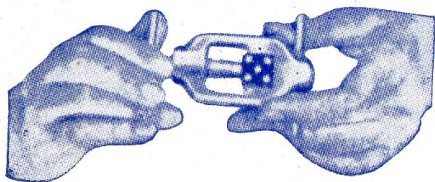

DICE SIZES

Illustrated below are ACTUAL SIZE pictures of all the various sizes of Dice which we stock and which are available for shipment within one hour of receipt of your orders. When ordering, use these illustrations to determine which size is best suited for your needs.

NOTE: Special sizes up to .800 other than those illustrated can be furnished on request at no extra cost.

MONOGRAM CANCELLOR

A practical tool for cancelling monograms, initials, or marks on dice when dice are given away to players. This tool prevents the dice from again being used in the game at another time.

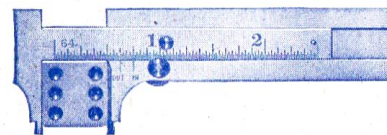

No. A-4. Monogram Cancellor.....Each \$10.00

A deposit of $\frac{1}{2}$ must be sent with all orders.

DICE MEASURING TOOLS

Precision dice measuring tools are a necessity for every operator of a dice game. Regardless of the care exercised in selecting your dice, the precision tools listed below will help you to properly protect your game.

SLIDE CALIPER

This is a fairly accurate tool for quick measurements. Equipped with a lock-nut, it shows variations to $\frac{1}{4}$ of an inch. Made of hardened tool steel and easily carried in vest pocket.

No. A-1. Slide Caliper.....Each \$7.50

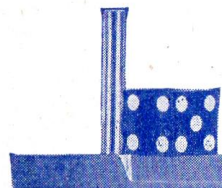

MICROMETER CALIPER

In the hands of a man mechanically inclined this tool is actually the most accurate hand tool made. This micrometer is fitted with a ratchet stop preventing injury to dice by pressure. Shows variations to one-half thousandth of an inch. Made of the best materials obtainable.

No. A-2. Micrometer Caliper.....Each \$20.00

TWO-WAY SQUARE

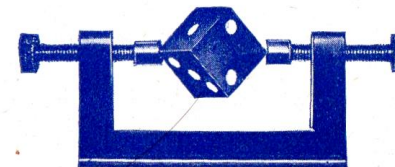

This tool is the newest development in the field of precision tools. It combines the best qualities of a hardened square together with a superangle comparator. Special grooved upright makes dice squaring absolutely fool-proof. Made of highest quality tool steel, hardened and ground. Made to fit the vest pocket. Instructions for use with each.

No. A-5. Two-Way Square.....Each \$7.50

BALANCING CALIPER

A new tool which will immediately detect a weighted dice regardless of how light the weight may be. Fast in action with absolute accuracy, this is a tool needed by every dice man. Chrome finish with case hardened pivot joints.

No. A-7. Balancing Caliper.....Each \$10.00

A deposit of $\frac{1}{2}$ must be sent with all orders.

EDGE WORK DICE

OUR advanced methods of producing this type of work have been copied, but never duplicated.

Our Edge work is made on the hardest dice material obtainable assuring the users of longer wearing work and consequent better results. The life of this work is always limited, however, and we recommend frequent replacement with new cubes.

A deposit of $\frac{1}{2}$ must be sent with all orders.

CAPPED DICE

OUR improved capped dice will caliper perfect and show the same finish on all sides. Methods of capping prevent any possibility of cap coming loose or breaking off. Can be supplied in red or green transparent. We recommend that caps be used in Light Round Corners or Slightly Turned Edge. For best

results use on any hard surface with billiard cloth covering. Capped dice in combinations listed below or in any other combination desired.

We can also supply these cubes in white if desired.

PEE WEE DICE

In some localities very small dice, or Pee Wee Dice, are very popular. The sizes generally range from $\frac{1}{4}$ -inch celluloid or bone to $\frac{7}{16}$ -inch. Many firms are unable to supply this work satisfactorily. However, with our equipment and skilled mechanics, we produce special Pee Wee work that is even stronger than the same work in large sizes. Our Pee Wee Dice are made in any combination listed for regular dice at no extra charge. Specify exact size of Pee Wee Dice desired or forward us a sample dice and we will match it.

BO-JO DICE

Bo-Jo Dice are a new and modern plastic product. On the inside a chrome plated steel ball runs freely when the dice are spinning and drops into a slot which is placed under each number. It is impossible to load or fix these dice in any way. The dice are ball-corner and are made in a hard plastic material in red, white, blue and black. Each cube is guaranteed perfect.

No. 526. Bo-Jo DicePer Pair **\$1.50**

BALL CORNER DICE

These dice, sometimes called Rollers, are becoming more popular daily. The larger sizes are commonly used for Hazard and Chuck Luck. The edges and corners are perfectly rounded in the shape of a ball. The $\frac{5}{8}$, $\frac{11}{16}$, and $\frac{3}{4}$ -inch sizes are spotted like a regular dice unless numerals are desired. All sizes are supplied in white or any color transparent.

No. F-11. Ball Corner Dice, $\frac{5}{8}$, $\frac{11}{16}$, or $\frac{3}{4}$ -inch sizes.....Each **\$1.65**

No. F-13. Ball Corner Dice, 1-inch sizeEach **2.50**

GETAWAY CRAP LAYOUTS

THE Crap Layouts listed below are the popular Getaway type. Just the right size to throw down on a billiard Table and handy for those one or two day plays. We recommend them Dyed on Simonis Cloth as they lay flat, produce an ideal surface and wear indefinitely.

BOOKIE LAYOUT

Our Bookie Layout is designed for use in cut games where Bookie takes a full line of bets on the side. Also popular for regular Do and Don't play as it is complete with Field, Big 6 and 8, Come, Pass, and Don't Pass Lines.

- No. X-29.** Best Grade Nunap Cloth, 24x36.....Each **\$6.25**

- No. X-30.** Dyed or Process Painted on Simonis Cloth, 24x36 inches.....Each **12.50**

BANK LAYOUT

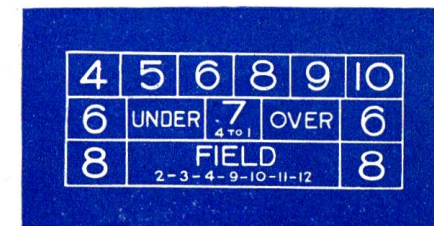

Our Bank Layout is a general favorite and is recommended for breaking in new territory as the Field is certain to get a play. Otherwise, it is similar to our Bookie Layout without the Come.

- No. X-31.** Best Grade Nunap Cloth, 24x36 inches.....Each **\$6.25**

- No. X-32.** Dyed or Process Painted on Simonis Cloth, 24x36 inches.....Each **12.50**

CUT GAME LAYOUT

Our Cut Game Layout is designed for the Bookie who does not wish to take Line or Come Bets.

- No. X-33.** Nunap Cloth, 24x36 inches.....Each **\$6.25**

- No. X-34.** Dyed or Process Painted on Simonis Cloth, 24x36 inches.....Each **12.50**

A deposit of 1/2 must be sent with all orders.

- No. 496.** Regulation Leather Chinese Dice Box.....Complete **\$5.00**
No. 497. Regulation Hardwood Chinese Dice Box.....Complete **4.00**

STACK CUBE GAME

A very successful article and one which should be in every cigar store. Consists of a shaker as illustrated, five special dice with various colored faces and a cardboard layout. The awards are paid as indicated on the chart, and figure as good a percentage as a slot machine. In fact, this outfit is often used as a substitute for a slot machine. Awards are continually being won by the customers, so the game keeps up its interest. The Stack Shaker is an excellent device for shaking dice as it absolutely prevents manipulation and is very rapid.

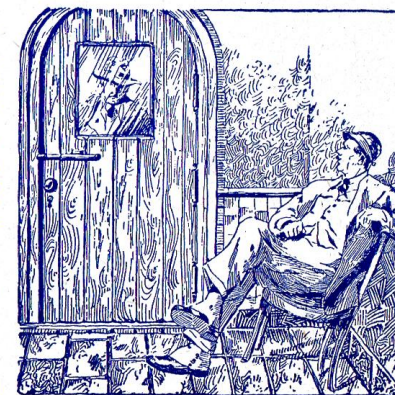

- No. R-1.** Stack Cube Game as illustrated.....Complete **\$17.50**

LOOK-OUT GLASS

One side is mirrored and the person looking into it sees only his reflection. The person on the inside, looking out, sees right through like plain glass. Made of best quality French plate, this glass is unequalled for clubs, lodges, shows, offices, etc., where a check on visitors is necessary. The usual thing is for Look-Out Glass to replace the wood panel already in the door.

Simple instructions for installing with each order.

- No. 334.** Look-Out Glass,
12x12 inches.....**\$4.00**

A deposit of $\frac{1}{2}$ must be sent with all orders.

**Ways in Which Certain Sums May Be Thrown
Rolling Two Dice Once**

To Throw the Number	Number of Ways	Chance of Throwing Number in Single Roll
2	1	1 in 36
3	2	1 in 18
4	3	1 in 12
5	4	1 in 9
6	5	5 in 36
7	6	1 in 6
8	5	5 in 36
9	4	1 in 9
10	3	1 in 12
11	2	1 in 18
12	1	1 in 36

The above table shows the number of ways in which each number can be made; and also the chance of making it with a single roll. Everyone knows that 7 is the easiest number to make, and the table above shows why this fact is true; there are more ways of making 7 than any other number.

**Odds Against Making Certain Numbers
on One Roll with Two Dice**

To Throw the Number	Odds Against Doing It
2	35 to 1
3	17 to 1
4	11 to 1
5	8 to 1
6	31 to 5
7	5 to 1
8	31 to 5
9	8 to 1
10	11 to 1
11	17 to 1
12	35 to 1

To obtain further information on the above and how to figure odds and percentage on other games, get our **THEORY OF PERCENTAGE**, a book covering all percentages for various games.

THEORY OF PERCENTAGE.....each \$2.00

A deposit of ½ must be sent with all orders.

**Rules Employed by Professional Dice Throwers
When Playing Craps**

When 6 or 8 is the point, bet even money that it cannot be made.

When 5 or 9 is the point, offer 6 to 5 that it will not be made.

When 4 or 10 is the point, bet 3 to 2 that it will not be made.

When 6 or 8 is the point, bet even money that the player will lose in three rolls.

When 5 or 9 is the point, bet even money that the player will lose in four rolls.

Bet even money that the player will roll 5, 6, 7, or 8 in one roll of the dice.

Bet even money that the player will roll a 6 or 7 in two rolls of the dice.

Bet even money a player will roll 7 or 8 in two rolls of the dice.

Bet even money a player will roll 7 in four rolls with the dice.

Each of the above rules carries a substantial advantage for the person who offers the wagers.

**Chances of the Player Making His Point
Before Throwing a Seven**

The Point	Chance of Doing It	Odds Against It
4	$\frac{1}{3}$	2 to 1
5	$\frac{2}{5}$	3 to 2
6	$\frac{5}{11}$	6 to 5
8	$\frac{5}{11}$	6 to 5
9	$\frac{2}{5}$	3 to 2
10	$\frac{1}{3}$	2 to 1

In the above table, we read in the first line that if 4 is the point, the player has 1 chance in 3 of making it before throwing a 7. In other words, he has 1 chance in 3 of winning, and 2 chances in 3 of losing. Thus, the odds against him are 2 to 1. The rest of the table is interpreted similarly.

A deposit of ½ must be sent with all orders.

4-5-6 GAME DICE

These dice come in sets of three dice and when used with our First Flop Dice Box are under the control of the operator at all times. Supplied in $\frac{5}{8}$ size in red, green or white. They will not work unless our Special First Flop Dice Box is used.

No. 940. 4-5-6 GAME DICE.....Set of 3 **\$3.75**

No. P-76. Special First Flop Dice Box.....Each **3.50**

THREE DICE GAME, 4, 5, 6 GAME

A player places his money on line, dealer shoots first and can win or lose on comeout as follows:

27 Winning Throws

456 can be thrown 6 ways
 655 can be thrown 3 ways
 644 can be thrown 3 ways
 633 can be thrown 3 ways
 622 can be thrown 3 ways
 611 can be thrown 3 ways
 666 can be thrown 1 way
 555 can be thrown 1 way
 444 can be thrown 1 way
 333 can be thrown 1 way
 222 can be thrown 1 way
 111 can be thrown 1 way

A six with any pair and
 the 4, 5, 6, also triplets
 wins.

21 Losing Throws

123 throws 6 ways
 122 throws 3 ways
 133 throws 3 ways
 144 throws 3 ways
 155 throws 3 ways
 166 throws 3 ways

An ace with any
 pair, and 1, 2, 3,
 loses.

The banker's advantage on the comeout is the triplets, but should he throw a pair with an odd number such as two fours and a deuce, or two sixes and a deuce, he then would have a point, and player would then shoot to tie or beat this **Throw**. The point numbers are 2, 3, 4, 5. If player then throws any of the 27 winners, or a higher point number, he would win. If player throws any of the 21 losers, or his odd number with pair is lower than the dealer, he loses. There are 60 ways to get a point. "Any pair with Odd"—the odd is the point; there are 108 blanks and when a blank is thrown by either dealer or player, he shoots again until he gets a winner, loser or point.

A deposit of $\frac{1}{2}$ must be sent with all orders.
