Prices subject to change without notice.

TERMS

Due to present conditions, a deposit of one-half must be sent with all orders. Where indicated, full remittance is required before order will be shipped.

HOW TO SEND MONEY

You can send money by post-office money order, express order, bank draft or cash by registered letter. Do not send personal checks as they must be sent to your bank for collection before your order can be shipped.

IMPORTANT

To customers ordering from A.P.O. or F.P.O. numbers outside the United States:

Full amount must be sent with all orders as we cannot ship C.O.D. to any A.P.O. or F.P.O. address. In addition, to expedite your receiving your order, we always ship via Airmail. In order to do this, additional remittance must accompany your order to cover Airmail charges. To cover these charges and handling, the present rates of \$1.00 per pound will apply. If there is any amount unused from your deposit, this will be credited to your account. Present postal regulations limit Airmail shipments to A.P.O. and F.P.O. addresses to 2 lbs. If we can, we will split shipments in order to meet this weight limit, otherwise shipments will be sent by Parcel Post.

FOREIGN SHIPMENTS

Full amount must accompany orders from foreign countries and outside continental United States. This includes Canada, Mexico, Hawaii, Cuba, Alaska, Philippine Islands and the Canal Zone. On foreign orders where consular fees are required, always include the consular fees in your remittance. Remittances MUST be made in U. S. dollars.

EXCHANGES

No merchandise may be exchanged unless it is returned to us in unused first class condition. When merchandise is returned, be sure to write and explain the reason. Your name MUST appear inside the package to avoid any possible delay.

SUPER PRECISION DICE

K. C. Card Co. Super Precision Dice are made of the hardest, toughest, longest wearing material produced. We cure our dice material for 8 to 9 years before it is processed into dice. No other firm can supply a better dice material. With the care we take in properly aging our dice material, we can supply dice that will outperform anything on the market.

SPOTTING MATERIAL

We now use a new type spotting material which remains pure white and perfectly flush with the surface of the dice. The spots become part of the dice and cannot be removed even with acid. The spots will never shrink below the surface of the dice regardless of age. This is another process which further guarantees you dice which are absolutely accurate.

NEW MACHINERY

Newly developed cutting machines made to our exacting specifications enable us to give you dice to a degree of accuracy never before attempted. With these new machines we produce dice which will caliper absolutely perfect and will square up on a knife edge square so perfect that the human eye cannot see any variation in squareness.

COLORS AND EDGES

K. C. Card Co. Super Precision Dice are regularly supplied in Red or Green Transparent or White.

Supplied in any of the following edges:

Square Corner or Razor Edge	Double Turned Edge
Feather Turned Edge	Light Round Edge
Slightly Turned Edge	Heavy Round Edge

Our dice are supplied in Polished, Dull, Sand or Satin finish. Regularly supplied in polish finish unless otherwise specified.

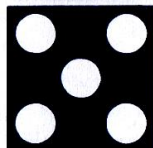

Secret marks in the material can be supplied at no extra cost.

MONOGRAMS

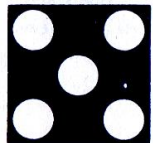

We can emboss your dice with your name or initials in any color or with an attractive gold monogram at no extra charge. Special monograms or trade marks can be made at a slight charge to cover the cost of the special die which becomes your property and will be used on your dice only.

WHEN ORDERING DICE WITH A STAMP OR MONOGRAM, A FULL REMITTANCE MUST ACCOMPANY YOUR ORDER.
